

GUARDIAN Turf Protection

TURF CLEANER & ODOR KILLER

STEP 1

Patented Stabilized 6% Hydrogen
Peroxide Technology

STEP 2

Proprietary Probiotic Blend

1

Our Hydrogen Peroxide treatment is a powerful and versatile cleaning solution. Its strong oxidizing properties makes it highly effective at breaking down dirt and grime as well as removing stains and neutralizing odors. Eco-friendly, non-toxic and safe for use, it is an ideal broad-spectrum cleaner.

2

Our Probiotic Technology is non-toxic and free of harsh chemicals, making it safe for use around children and pets. It contains beneficial bacteria that continue to work long after application by breaking down organic matter and preventing the buildup of dirt and grime, maintaining a cleaner surface over time.

No Scrubbing Necessary!

Spray area until it is covered with the solution. Allow product to penetrate into the base of the turf. The cleaner will work its way into the crevices, effectively cleaning and removing stains.

Works Up To 30 Days!

Probiotic Blend will continue to work throughout the layers of the turf so you don't have to.

Clean With Confidence

Deemed safe by leading turf manufacturers!
